

## A STORM-SWEPT CONTINENT.

**SNOW, RAIN, AND HIGH WINDS IN US—USUALLY LARGE SUPPLY.**

**Baltic Trade Greatly Delayed in the West—A Deluge in the Eastern States, and Much Damage by Wind—Marine Disasters.**  
ST. PAUL, Nov. 18.—The blizzard still continues this morning, but the signal officer predicts colder and clearing weather to-day. The peculiarity of the storm is that it comes from the southwest. North of St. Cloud and west of Brainerd there has been little snow, and trains on the Manitoba and Northern Pacific have not been delayed. On roads southeast and south-west there has been much snow. The Milwaukee regular train, due here at 2 P. M., was delayed an hour at La Crosse by snow drifts. The same drift stopped the east-bound limited which left here to-night. All trains on the western division of the Omaha have been abandoned, and also on its Sioux City division.

The weather is moderating. Snow is falling at a rate of one inch an hour. The wind is blowing from the southwest at 15 to 20 miles an hour. The rain is falling at a rate of one inch an hour. The snow is falling at a rate of one inch an hour.

CHICAGO, Nov. 18.—The storm on the lake continues with considerable fury. A number of lumber jugs are being driven out to sea. The lake is so rough that it is dangerous to go out. The wind is blowing from the west at 20 to 30 miles an hour. The rain is falling at a rate of one inch an hour. The snow is falling at a rate of one inch an hour.

The record of marine disasters during the week is an appalling one. Reports up to a late hour to-night show the following vessels missing:

**WRECKED BY A LANDSLIDE.**  
A large schooner, the *John A. Jones*, was wrecked by a landslide on the shore of Lake Michigan. The vessel was carrying a large cargo of lumber. The landslide occurred at about 10 P. M. on Thursday. The vessel was driven ashore and broke in two. The crew was rescued, but the cargo was lost.

**IN A MAJORITY OF THESE CASES THE CREW WAS RESCUED.**  
The record of marine disasters during the week is an appalling one. Reports up to a late hour to-night show the following vessels missing:

**DEATHS.**  
The storm continues with considerable fury. A number of deaths have occurred. The following are the names of the deceased:

## FLYNN, KELLY AND MAHON.

**THE SECRET HISTORY AND TRUTH OF THE SUBWAY BUSINESS.**

Flynn's Part in Creating the Consolidated Telegraph and Electrical Subway Company—The Secret History and Truth of the Subway Business.

A bill in equity was filed in the United States Circuit Court for this district on Wednesday by William McMahon of Rahway, N. J., against Maurice B. Flynn, William H. Kelly, the Consolidated Telegraph and Electrical Subway Company, and the American Insulated Conduit Company, which develops not a little of the secret history and intricate of the subway business in this city, and brings to the front Maurice B. Flynn, the modest little fellow, who has all along been pulling the wires, though steadily denying that he had or has any connection with the business.

Mr. McMahon, the plaintiff, is a well-known promoter of enterprises of the character of that involved in this litigation, and especially those having to do with electrical transmission. He is a man of means, well known in this city and throughout New Jersey, and has been for many years a candidate for Congress from the Third New Jersey district. His connection with the subway business in this city has not been general, but he has been in the city for some time, and among those familiar with the secret history of the matter his name has not been unknown.

The defendants in the case are all well known, especially Maurice B. Flynn and William H. Kelly. They are both men of means, and have been for many years in the city. They are both men of means, and have been for many years in the city. They are both men of means, and have been for many years in the city.

The bill, in its historical narrative, tells of the part played by the defendants in the creation of the Consolidated Telegraph and Electrical Subway Company, and of the part played by the defendants in the creation of the Consolidated Telegraph and Electrical Subway Company.

The bill, in its historical narrative, tells of the part played by the defendants in the creation of the Consolidated Telegraph and Electrical Subway Company, and of the part played by the defendants in the creation of the Consolidated Telegraph and Electrical Subway Company.

## REPUBLICAN ASSEMBLYMEN CONFERENCE.

**Western New York Members Agree to Support H. H. Warner for Senator.**

ROCHESTER, Nov. 18.—A conference of Republican Assemblymen of western New York was held in this city to-day for the purpose of making arrangements for the support of H. H. Warner for Senator. The conference was held in the city of Rochester, N. Y.

The members who were in Rochester to-day were extremely reticent as to their personal preferences. They agreed that the Speaker should go to the western or central part of the State, and as between the candidates mentioned, they were unwilling to commit themselves. It was decided that the Speaker should go to the western or central part of the State, and as between the candidates mentioned, they were unwilling to commit themselves.

That Colorado Stage Story.  
The Vehicle Did Not Go Over a Precipice, and No One Was Hurt.

The SUN has at length a response to repeated inquiries concerning the tale of a Colorado stage coach which was reported to have gone over a precipice in Colorado with alleged loss of life. Here is the despatch received at THE SUN office after midnight this morning:

LEAVELAND, Nov. 18.—A stage coach was reported to have gone over a precipice in Colorado with alleged loss of life. Here is the despatch received at THE SUN office after midnight this morning:

## CHESTER A. ARTHUR DEAD.

**HIS PROTRACTED ILLNESS ENDED IN A STROKE OF APOPLEXY.**

His Last Words a Cheery Good Night to His Wife—He Died at 10 O'clock—His Illness was Unusually Prolonged—The Funeral to be Held on Monday, and President Cleveland and Several Cabinet Members to be Present.

Chester Alan Arthur, twenty-first President of the United States, died yesterday morning at his home in the White House, at 10 o'clock, after a long and protracted illness. His death was a great loss to the country.

The illness of Gen. Arthur dates from his third winter in the White House. It is difficult to fix any more exact date. Dr. George A. Peters, his family physician, then found that he was suffering from two distinct diseases, fatty degeneration of the arteries, and Bright's disease of the kidneys. The latter condition enabled him to withstand disease until his digestive organs were affected. He then showed signs of weakness. This led him to go to Florida in April, 1883. His general health was improving there, when he took a severe cold, and nearly died. He was then brought back to Washington, and his condition improved, when he left Washington at the expiration of his term as President, in March, 1885. He seemed to be in fair health. His physician believed that he could not recover. His general condition was variable at times, but there was never any hope of recovery. Knowing this, he was still cheerful, and looked into the future bravely. In April last Gen. Arthur caught cold, and had another severe relapse. His family was hastily called to his bedside, but he died at 10 o'clock.

After his return from New London Gen. Arthur's life from day to day was that of an invalid. He arose late in the morning, had his breakfast, and then walked about the house, and sometimes down stairs, received the calls of his friends, and was attended by the help of his former private secretary, Mr. John W. Foster. He was in constant attendance on his wife, Mrs. Mary Elizabeth Arthur, who was in the house with him. He was in constant attendance on his wife, Mrs. Mary Elizabeth Arthur, who was in the house with him.
